SGS Dental
Swiss Implant System

SKG SURGICAL TOOLKIT

NEW FEATURES

sgs-dental.com

NEW FEATURES

① 16mm long drills

- The SKG toolkit now contains 16 mm drills of all diameters.

② Implant insertion tools

- For more convenient work with implants especially in hard-to access areas.

③ K5GL driver

- The K5GL driver allows you to go deeper into the bone, with markings up to 10 mm. See image on the right.
